

Find the missing number

This five-letter word becomes shorter when you add two letters to it.

What is the word?

what's the largest three-digit number you can make

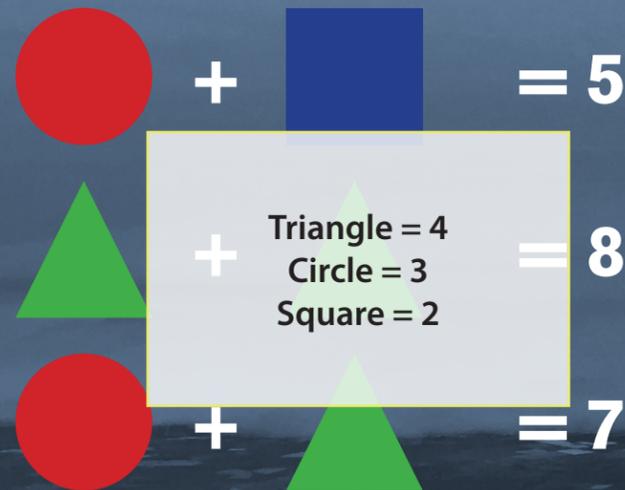

by moving ONLY TWO dummy contact sealing plugs?

If...

123 = 18
14.
For each number, add the three digits, then multiply the sum by the third number
(e.g. 1+2+3 = 6, X 3 = 18)
53 = 20

then 142 = ?

what are the number values for each shape?

Find the mistake...

BBBB DDDD FFFF

HHHH UUUU LLLL

NNNN
TTTT UUUU
The letters alternate (a B c D e F...)
until you get to U

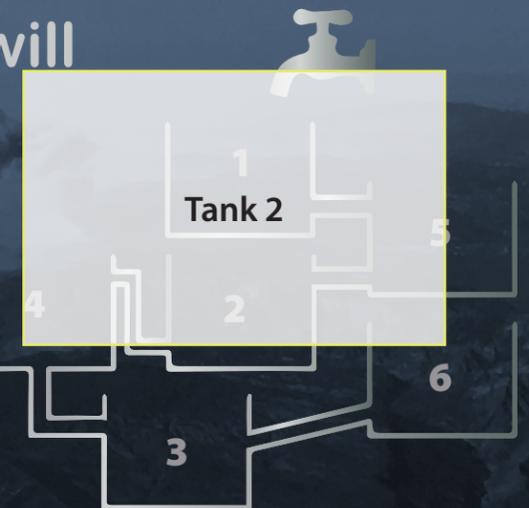

XXXX ZZZZ

We got 6:
Elephant, Horse
Dog, Cat, Rat
Gorilla

How Many Animals Do You See?

Which tank will fill up first?

WHAT ARE THE NUMBERS OF THE PARKING SPACES WITH AIRPLANES IN THEM?

87, 90.
The numbers are upside-down from the viewer's vantage point.

Which of the numbers are reversed?

One continuous piece

Two separate pieces

One of the spirals is made from one continuous rope, joined at the ends.
The other is made from two separate pieces.
Which is which?

Solve the puzzle.
A, B, C, or D?
