

What Ever Happened to the MIL-C-24758 EMI/EMP Conduit System?

Answer: This venerable metal-core conduit wire routing and protection system has been **superseded** by the new MIL-PRF-24758A(SH) standard. For all new applications, the U.S. Navy requires engineers to specify only MIL-PRF-24758A(SH) conduit, fittings and adapters. But for repair of existing systems, Glenair still manufactures and stocks the complete line of MIL-C-24758 conduit products.
